## Prospect Good As Deer Season To Open On Sept. 23

With the deer hunting season opening Saturday, September 23, there is every indication that records will be broken in the district.

Game Warden Charles Spillner, who has kept a close watch on the herds, said that this season may be even better for the hunters than last when Placer County set a new record and Nevada County came within 18 deer of breaking the previous mark.

Most of the bucks are in the high elevations, around the 8,000-foot mark and are widely scattered, with no particular "special" area designated. The deer are in excellent condition as a result of the light winter and all bear large antlers, the warden reported.

Shooting will start half an hour before sunup and will close daily half and hour after sunset. The limit is one forked horn or better.

There will be extra wardens in the area on the opening weekend and forest service patrolmen will be busy checking hunters careless with fires.

Both forest service officials and Spillner reported no validations were requested by archers this year, although there were some 115 bowmen in the field during the opening weekend.

Hunters are urged this season to be extremely careful with fires. The forests are explosively dry and even a discarded lighted cigarette might result in a major conflagration.

The property, approximately 70 acres, was sold for $150,000 and had been owned by the ski club for almost 20 years.

Ski Club officials have announced that the sale will enable the club to enlarge the scope of their activities as well as better the present program by means of an income that will result from the investment of the proceeds of the sale. Their foremost project will be the erection of an eventual club house which will probably be located in Alpine Meadows, the newest of the ski centers in the Tahoe area. A present agreement will have the ski club assisting at ski meets at Alpine Meadows and thereby enabling members of the ski club to purchase season passes and daily tickets at substantially reduced rates.

An increased local membership is being invited by the ski club officials who stress that this year's activities will include family and social ski activities as well as a junior membership program for which they have been so well-known for years. Also on their agenda is a plan for pre-school instruction.

Regular meetings of the club will commence in October at the Tahoe City Community Center. Anyone interested in a membership is advised to contact Herb Kahn or Larry Lindsey, treasurer of the club.

**Alternate B would generally follow the existing route above the bay and replace the numerous sharp curves with fewer and more gentle ones. It would total 7.8 miles. A tunnel would carry the road under the major slide area, and snow sheds would protect it at other locations.**

**Total costs for Alternate A would range between $6,550,000 and $7,765,000 for two lanes, and between $11,200,000 and $13,200,000 for the future four. The high figure in each case represents the added cost of the viaduct.**

**The public meeting will be conducted by J. A. Legarra, assistant state highway engineer of Sacramento. District Engineer Alan S. Hart and staff officials from the district office in Marysville will present the engineering and economic considerations involved in the two alternatives.**

## DIVOT-DIGGERS

By BETTY KIELHOFER

The Lake Tahoe Elks Club held their annual golf tournament at the Tahoe City course last Sunday and had well over a 100 golfers. They had both an Elks flight and a visitors flight with two of our local men winning prizes. Mike Popovich was the low gross winner of the local Elks capturing the coveted cash prize of $50, while Karl Kielhofer tide for the net first place in the visitors flight. The chicken barbecue for participants and their wives was well-planned and delicious, as usual . . . . our local club championship tournament which is in progress now is coming along fine and such a nervous lot of golfers I've never seen. Almost every match I've heard of has been very, very close and it will be most interesting to see the flight winners this first year. I have a feeling we are in for a few surprises judging from the way the chips are falling . . . . the sounds of nervous laughter could be heard around the course Sunday from the golf cart toting Rita Vail and Mike Ellis during their match, while on the more serious side were Vina Clepper and Norma Russell, these two zipping around in the record time of three hours. The latter, in both cases, won by a small margin and both said it was one of their toughest games. The losers automatically drop into the first flight and both of them have an excellent chance to win that . . . match play is very strenuous and it is too bad as some people feel it just isn't worth it. However, after playing a few times that way, you begin to see the advantages over medal play and it isn't quite so bad . . . Eva Besio is hitting that ball a country mile lately and I believe all we girls had better watch out for this one. She's getting to be quite a golfer. Mary Ann Tonini, who is a good little golfer herself, will attest to this after losing her match to Eva last Tuesday. She's singing her praises all over town . . . Bud and Barbara Zorich were out for 18 holes last week. Barbara was really exhausted. She's working very hard to become a good golfer and that's what it takes . . . CHUCKLE OF THE WEEK: The amazed expression on the face of John Firpo when he found he had acquired irons autographed by Marilyn Smith. He moaned, "wait 'til I get my hands on that salesman" . . . Johnny Richards dropped by to say how much he looks forward to reading about all the golfers each week, even though he doesn't golf himself . . . John, why don't you?

## FLEISCHMANN FUND TO AID LAKE STUDY

Lake Tahoe's unique five-county bi-state master planning study program has been assured with an announcement from the Urban Renewal administration in Washington, D. C., that the project has been approved for federal planning assistance matching funds.

The $90,000 program was initiated last spring by the Tahoe Regional Planning Commission, spurred by a special fund grant from the Max C. Fleischmann Foundation of Nevada of $22,500 to match a like amount in cash and services committed by El Dorado and Placer Counties of California and Washoe, Ormsby and Douglas Counties of Nevada. Concurrent applications were filed through the state planning boards of the two states and were approved July 3 by the HHFA regional office in San Francisco.

### LAKE LEVEL

TAHOE CITY — With 19 csf leaving the dam, the level of Lake Tahoe Monday was 6223.46, Co-operative Observer Daryl K. DeWalt reported. One one-hundredths of an inch of precipitation was recorded last Friday. The temperature has ranged from a low of 33 to a high of 75 degrees.

Congress ordered coinage of the ten-cent piece, originally spelled "disme," in 1792.

GOLD!!!!

1848—"gold fever" inspired dreams of overnight prosperity

GOLDEN MOMENTS

In California history—once James Marshall's now-famous secret was out, the "Gold Rush" was on. Fortunes were for the taking!

In California life—it's no secret today that beer is the beverage of moderation. Beer means enjoyment . . . it also stands for prosperity. Last year the Brewing Industry added over $30 million in taxes to our state treasury—another reason why beer means better living for all in the "Golden State."

# COMPACT GROUP TO STUDY WATER ROW

RENO—The stalled joint California-Nevada Interstate Compact Commission will meet October 13 in Reno in a special session limited to problems in the field where it has had the most success—those of Lake Tahoe.

General agreement between the two states has been reached on most areas under the able prodding of the commission's Lake Tahoe problems committee which since has been dissolved. This includes an acceptable division of unallocated Lake Tahoe water on a general basis of two thirds for California and one third for Nevada.

But agreement has not been reached on four or five Lake Tahoe problems — one of them of significant importance. This is the question of sewage effluent transported out of the Tahoe basin elsewhere than in the Truckee River system.

# INCORPORATION IS ASKED BY TREE CO.

SACRAMENTO — (CNS) — Secretary of State Frank M. Jordan announced Tahoe Tree Company, of Placer County has filed articles of incorporation with his office, to be capitalized at $100,000 in $5 par shares.

Directors of the company were listed as David McBride, Katherine McBride, P. O. Box 488, Tahoe City, and J. S. Suchan, 701 Crocker Bldg., San Francisco.

# DONNER DOINGS

By VIRGINIA O'BEAR

I have found the right spot to do the column and be all by myself without the telephone ringing or someone ringing the doorbell. I am out in the middle of Donner Lake in our Power Cat with the motors off and just sitting here relaxing and looking at all the beautiful scenery. The weather is all we have hoped for and truly an Indian summer. The lake is smooth as glass and the reflection in the water is something all artists want to paint. I still maintain that the most beautiful months at Donner Lake are September and October.

* * *

Al Brooks, Jr., famous Runabout Racer in our Donner Lake Regatta, stopped by Sunday evening to let us know he was on his way for the National Championship races in Illinois. Also entering five classes of these exciting Outboard races is Harry Bartolomei so it will be interesting to find out how these racers place in this final championship race of the year. It is hoped that someday Donner Lake will have the honor of the National Championship races as participants come from all over the United States for this race.

* * *

Tom Dolley obtained film of the Donner Ridge burn and Monday evening the Truckee Rotary Club met at Donner Lake Lodge and was shown the movies of the fire. The Donner firemen and auxiliary members as well as other interested persons from the whole area met at Donner Lake Lodge Wednesday evening to see the fire pictures, too. It reminds us to be very careful this time of year and with so many fires all over the country, we don't want to add Donner Lake and Truckee to the list.

It took two buses Tuesday morning to pick up all of the school children from Soda Springs and Donner Lake. I can imagine how the class rooms must look but in another month or so some children will be leaving with their parents who are working on construction in this area. Some families are planning to stay all winter though as they like it here and want the same homes for the next few years until the highway is finished. We really have a lot of people in the area and it is nearly impossible to find a rental.

* * *

The Truckee Donner Horsemen's Group is very busy with by-laws and getting insurance straightened out and will resume in the spring with outside activities. During the winter there will be meetings to iron everything out for the trip from Truckee Meadows to Donner State Park for the opening of the museum. There are 16 youngsters on the drill team doing quite well until it was time to go back to school. Things are expected to start again in the spring with renewed enthusiasm by all.

* * *

Mrs. Robert Harkline had her trailer moved from Donner Lake to Reno this week so she can be near her husband as he will be hospitalized for quite some time. He is getting along well and is in fine spirits since his accident on the new highway job. Bob was struck by a swinging power shovel last month and was in very serious condition for awhile.

* * *

Miss Cathy Tuminaro is renting the Milan Wight home at Donner Lake and is a teacher at Tahoe Truckee High School. She is the physical education instructor and I am sure the girls at school will like her very much.

* * *

The Sunset Wedding Chapel was the scene of the wedding last Sunday evening of Joan Lorraine Dudley and Steve B. Oury. The double ring ceremony began at 7 o'clock and the attendants were Mr. and Mrs. Charles O'Bear. The bride was attired in white with white accessories and wore a beautiful orchid. The bride's parents are Mr. and Mrs. A. L. Mariman of Richland, Washington and the groom's parents are Mr. and Mrs. L. R. Oury of Walla Walla, Washington. Steve is with the Guy F. Atkinson Construction Co. and the newlyweds plan to make their home at Donner Lake.

* * *

Don't forget to get out your Hawaiian clothes for the luau to be held at Donner Lake Lodge Thursday, September 21. The buffet style luau starts at 8 o'clock and there will be a short entertainment program and an evening you will never forget. There will be wonderful food so don't miss this delightful evening planned by the Ladies Auxiliary of the Donner Lake Volunteer Fire Department.

* * *

Everyone that I know of was saddened last week when Dick and Jean Walker lost their little baby at birth. With the wonderful spirit they have and the outlook for the future of having another, it helped all of us to get over the shock and to join in with their hopes and dreams for the future.

## KINGS BEACH GIRL NAMED MISS TAHOE

TAHOE VALLEY — Nikki Ann Wing, a 19 year old coed from Kings Beach reigned Sunday as Miss Lake Tahoe of 1961.

She was chosen from a field of 10 candidates in the Lake Tahoe Airport's third annual autumn air show.

The new queen is a chemistry major in San Jose State College. She is five feet, 11 inches tall, has shoulder length brown hair and measures 38-25-38.

The runnersup are Margaret Nobel of Coloma, El Dorado County, and Caroline Street of Brockway, Lake Tahoe.

More than 1,500 persons attended the various events of the two day autumn air show.

## PLACER BOARD WILL AID AIRPORT ROAD

AUBURN — The Placer County board of supervisors indicated this week they are in favor of construction of a connecting road from Placer County to the expanded Tahoe-Truckee Airport, but said the matter of financing would have to be studied.

Cecil Edmunds, secretary of the airport district board of directors, and attorney Robert Fugazi appear before the Placer County supervisors and asked the board to pledge approximately $10,000 for the construction of a road from the Truckee shortcut into the airport.

The airport is partially in Placer and Nevada Counties and Fugazi stated Nevada County has promised $10,000 as its share of constructing the road.

Postal authorities estimate that by 1970 90 billion pieces of mail will be handled annually.

## CONFERENCE PLANS ARE MADE BY CLUB

CRYSTAL BAY — The Soroptimist Club of Lake Tahoe welcomed two out of town visitors when the club met on Tuesday at Crystal Bay Club. Mrs. R. Childs, member of the Sacramento Soroptimist Club for over 25 years, and Mrs. R. Burke, from the Richmond Soroptimist Club. The latter is chairman for the 18th biennial convention of the Soroptimist Federation of the Americas, to be held in San Francisco in July, 1962.

Mrs. Burke issued an invitation to the membership to join in preparations for the biennial.

Maggie Stollery presided when reports were given by May Murray, budget chairman, who presented the 1961-1962 budget for adoption.

Mickey Mandeville volunteered as gift chairman, while May Murray assumed tail twister duties.

Ruth Burris, co-chairman of the Soroptimist conference for District No. 3, which will convene at Crystal Bay in October, gave a brief resume of conference plans, calling on Ellen Sklar, decoration chairman, who presented her plans for decorations.

**Maddens In Pacifica—**

Mrs. Paul Madden formerly of Soda Springs wrote that they had to leave the lovely mountain country and become suburbanites near Pacifica, California but continue to enjoy reading the news of the local area via Sierra Sun.

## 99 GOLFER MEET IN TAHOE TOURNAMENT

TAHOE CITY—Ninety-nine golfers participated in the second annual Elk's Tournament which was held at the Tahoe City golf course last Sunday with Marshall Ruhkala and Mike Popovich the top winners in the local lodge member category.

Other winners in the tournament, which was sponsored by the North Tahoe Lodge 2140, were Fred Herner of Marysville and Joe Fara in the guest Elks' category; Lee Baker in the guest flight; Ted Meyers in the Calloway flight; Larry Helm in the hole-in-one contest; and Peggy Radovich of the south shore for the ladies' hole-in-one contest.

All participants in the tournament received a prize, donated by local merchants and brother Elks, with the big winners being Messrs. Ruhkala and Popovich who each received an expense paid trip to the State Elks' Convention to be held later this year in Santa Monica, or the equivalent.

More than 180 people enjoyed the barbecue which was held immediately following the tournament at the Tahoe City golf course club house. Handling the master of ceremony duties at the barbecue was Steve Korich of the Highlands with Paul Curtis, Ralph Bly, Bob Jorgensen, Bob Stark and Herb Neidig acting as master chefs. Others assisting the committee in charge were Lou Neidig and Billie Finnegan. The use of the golf course for the Elks was made possible through the generosity of Carl Bechdolt, Jr.

Mrs. Don Ryan who has been visiting relatives in Wisconsin has returned to Truckee.

## MRS. CORONA GIVEN POST OFFICE HONORS

TAHOE CITY — Mrs. Hannah Corona, clerk at the Tahoe City post office, last week was signally honored by the regional postal district for her work in operating the Olympic Valley post office at Squaw Valley during the Olympic Winter games last year.

Mrs. Corona, who is the wife of Postmaster Oliver Corona at Tahoe City, was presented a citation by Posey B. Quetinberry, senior field services officer for the postal department.

The citation commended Mrs. Corona for "extraordinary good public relations transcending over regional borders and extending to the 33 nations which participated in the winter event."

## Zoning Hearing

TAHOE CITY — The Placer County Planning Commission tomorrow will conduct the second public hearing on a petition for reclassification of land to single family residences in the area between Homewood and Chambers Lodge.

The hearing is scheduled for 10 a. m. in the Tahoe Community Center. The first hearing was held at Auburn on August 25.

## LAKE LEVEL AT NEW LOW MARK IN YEAR

Evaporation and domestic supply demands, if continued at the present rate, will drop Lake Tahoe's water level below its outlet rim around October, Watermaster Claude Dukes disclosed.

Dukes, in reporting on the fast receding lake level, said Tahoe will be rendered "practically useless" as a water supply for western Nevada.

"If the Sierra has a fourth consecutive dry year," said Dukes, "we will have to tighten our belts."

WE'LL SEE YOU LATER. I'LL TRY TO SAVE SEATS FOR YOU AND PENNY.

WHY CAN'T WE GO WITH THEM NOW?

BECAUSE PAT HAS TO BE THERE EARLY, AND THERE'S NO NEED TO SIT AROUND.

IS PAT'S TROOP GOING TO MARCH?

YES.!

I WISH I COULD BE A CUB SCOUT - I'M A GOOD MARCHER.

IT'S JUST AS MUCH FUN TO BE A BROWNIE, LIKE YOU ARE.

I DON'T LIKE IT, 'CAUSE IT'S ALL GIRLS.

OVER HERE! I'VE SAVED YOU SEATS IN THE FRONT ROW.

THERE'S PAT! I BET THEY PUT HIM IN FRONT 'CAUSE HE'S THE SMARTEST.

OH, NO, THEY DIDN'T! THEY PUT PAT IN FRONT 'CAUSE HE *PINCHES*!
